Stella Karavas
Voltree Power

To Stella:

I'm pleased to inform you that the Javelin has been chosen to receive a 2009 Best of What's New Award from ***POPULAR SCIENCE*** in the Green Tech category.

Each year, we review thousands of new products and innovations and choose the top 100 winners across 11 categories for inclusion in our annual Best of What's New issue, our best-read issue of the year. To win, a product or technology must represent a significant step forward in its category. All of the winners will be featured in this December's special issue, on newsstands November 11.

In the coming months, you will receive your Best of What's New statuette celebrating this achievement. **In the meantime, please withhold any public announcement about your selection until Thursday, November 12.**

Congratulations!

Sincerely,

Mark Jannot
